Fax: (954) 697-6222
Web: www.capturehits.com

- 1) Do not include template lines in your final artwork.
- 2) All background work or graphics must extend beyond the entire bleed area.

TEMPLATES

CD Label

- 1) Do not include the circles used in the template.
- 2) Include registration marks.
- 3) Do not place any text or images within the center, smaller circle as this is where the hole is on a CD.
- 4) Make sure that graphics bleed beyond the template guides to ensure images cover the entire CD face.
